I understand that it is my responsibility to keep my equipment in good working order and to return it at the end of the Speedskating Season. I understand I will be charged a fee to replace or repair any equipment damaged by me during the course of the season.

I have received a copy of the Instructions for Care and will follow them.

Instructions for Care

The Madison Speedskating Club makes every effort to make Speedskating an affordable activity for everyone. To meet this goal we provide almost all the equipment you will need at a very low annual cost \$50 per person. Actual cost to purchase the equipment would be \$400-\$2000 depending on blade quality and skins chosen. We understand that some wear and tear on equipment is inevitable. However, Skates and skins are easily damaged and can be quite expensive to replace. If you follow the below guidelines damage becomes much less likely.

Skates

1. Dry blades well after every use, do not store wet with blade protectors on.
2. Use Blade protectors any time you are walking on the blades.
3. Allow only persons approved by the club to sharpen your skates.

Skins

1. Wash skin inside out on the delicate cycle. Hang to dry. Do not wash with other clothing items that contain velcro or hooks as they will damage the lycra.
2. Use skins only for speedskating activities (practice and meets). Please don't allow children to run and slide on their knees on rough surfaces, sled, play tag outside etc in their skins. The lycra is thin and does not hold up to rough wear.
3. Hang skin to dry after each use.

Helmets

1. Do not apply stickers or other adhesives to club helmets.
